Models will be scrutinized in the "Chicago rules" style – where a model is judged according to a set of standard criteria (construction, finish, accuracy...etc.), not against the other models. Thus it is possible to have multiple gold, silver and bronze medal winners in each category!

Best of show – People's Choice and Master's Display ballot slips will be available at the front counter. Master's display ballots are only available to people 17yrs and under (bantams and juniors). That's right, the Masters category is judged by the young ones.

Receiving of entries will start on October 17, 2010; all entries must be in by 1pm.
